

THIS DOCUMENT CONSTITUTES THE EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY NORANDEX. THE WARRANTIES AND REMEDIES CONTAINED IN THE DOCUMENT ARE EXPRESSLY IN LIEU OF ANY AND ALL OTHER OBLIGATIONS, GUARANTEES AND WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED BY STATUTE OR AT LAW INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY. IF APPLICABLE, STATE OR PROVINCIAL LAW WILL DETERMINE THE PERIOD OF TIME FOLLOWING THE SALE THAT A PROPERTY OWNER MAY SEEK A REMEDY UNDER THE IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

NORANDEX'S OBLIGATIONS, RESPONSIBILITIES AND LIABILITY SHALL BE LIMITED TO REPAIRING, REFUNDING, REFINISHING, COATING, OR REPLACING THE DEFECTIVE PRODUCT AS SET FORTH IN THIS WARRANTY. IN NO EVENT SHALL NORANDEX BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY KIND, INCLUDING ANY DAMAGE TO THE PROPERTY, THE BUILDING OR ITS CONTENTS, OR FOR INJURY TO ANY PERSONS THAT MAY OCCUR AS A RESULT OF THE USE OF AMERICAN CLASSIC VINYL SIDING PRODUCTS OR AS A RESULT OF THE BREACH OF THIS WARRANTY. IF YOUR STATE OR PROVIDENCE DOES NOT ALLOW EXCLUSIONS OR LIMITATIONS OF SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

IN NO EVENT SHALL NORANDEX'S TOTAL LIABILITY ARISING OUT OF OR RELATED TO THE PRODUCT(S) OR THIS WARRANTY EXCEED THE ORIGINAL PURCHASE PRICE OF THE PRODUCTS AND THE LABOR COSTS RELATING TO THE ORIGINAL INSTALLATION OF SUCH PRODUCT.

This Warranty may not be modified, altered or expanded by anyone, including product distributors, dealers, sellers, installers and/or Norandex field representatives.

This Warranty gives you specific legal rights, and you may also have other rights which vary from State to State or Providence to Providence.

This Warranty applies to siding products installed on or after August 15, 2016 (The warranty in effect at the time the material is originally installed is the applicable warranty). This Warranty replaces all prior warranties.

**WHAT IS WARRANTED**

Norandex, a division of American Builders and Contractors Supply Co., Inc. (Norandex), subject to the conditions and limitations listed herein, warrants its American Classic® Solid Vinyl Siding to be free from manufacturing defects. It is further warranted against peeling, flaking, cracking, rusting, blistering, and corroding, when applied according to Norandex written instructions, and when subject to normal and proper use.

**LIFETIME HAIL PROTECTION**

In addition, American Classic Vinyl Siding is warranted against damage caused by hail, to the extent that such damage is not covered by a homeowner's insurance policy or other applicable insurance coverage(s).

**REMEDIES UNDER  
THIS WARRANTY**

Should any manufacturing defects occur during the lifetime of the original purchaser (the "Homeowner(s)"), and as long as the Homeowner(s) is still living and retains ownership of the property, Norandex will, at its option, repair, or replace the American Classic Vinyl Siding determined to be defective at no cost to the Homeowner(s), providing, however, that in lieu of repair, or replacement, Norandex reserves the right to refund to the Homeowner(s) that amount paid by the Homeowner(s) for the vinyl siding and accessories plus the cost to the Homeowner(s) of its initial installation. If the original costs cannot be documented by the property owners, Norandex shall have sole discretion to determine the amount of any refund.

In case of hail damage, if such damage is not fully covered by insurance, Norandex will furnish to the Homeowner(s) replacement materials only, equal in quantity to the material damaged by hail. The Homeowner(s) shall be responsible for payment of all installation, labor and freight costs, insurance deductibles, and for the purchase of any additional products desired by the Homeowner(s) to replace undamaged products.

**WHO IS COVERED,  
AND FOR HOW LONG**

The lifetime coverage offered by this Warranty automatically ceases upon the sale of the property or death of the last of the Homeowner(s) of the property at the time of application. Upon change in ownership, the Warranty may be transferred to the new owner(s) (the "Subsequent Transferee(s)") under the terms and conditions of this Warranty, in which event it will cover fifty (50) years, non-prorated, following the original installation of the siding as indicated in the section below covering transfer of Warranty to Subsequent Transferee(s).

The lifetime coverage in this Warranty is designed to cover individual Homeowner(s) of single family homes. Siding purchased by or installed upon property owned by corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residences, will be warranted for a period of fifty (50) years, non-prorated, following the installation of the siding, and is transferable under the terms and conditions of this Warranty.

**LIMITATIONS AND EXCLUSIONS**

Norandex shall not be liable for, and this Warranty does not apply to, any failure, defects or damages resulting from or connected with misuse, neglect or improper storage, improper application, or application not in adherence to normal industry standards; use of accessories which do not properly receive and/or secure American Classic Vinyl Siding; impact of foreign objects, fire, hurricane, tornado, or other violent storm or casualty, or acts of God; defects, failure of or damage to the substrata wall on which the siding was applied caused by movement, distortion, cracking, or settling of such wall or the foundation of the building; exposure to harmful chemicals, airborne stains,

mildew or pollutants; failure of the Homeowner(s) to provide normal maintenance to the siding (see "Normal Maintenance"); distortion or warping due to additional or unusual heat sources, including without limitation, window reflection and heat buildup caused by inadequate roof ventilation; and any other cause not involving inherent

manufacturing defects in the material supplied by Norandex. This warranty does not apply to vinyl siding products which have been painted, varnished, refinished or similarly coated over the manufacturer's original finish (unless the refinishing or recoating is authorized by Norandex pursuant to this warranty).

Norandex reserves the right to discontinue or modify any of its vinyl siding products, including the color, and shall not be liable as a result of such discontinuance or modification, nor shall Norandex be liable in the event the replacement material varies in color or gloss in comparison to the original product as a result of normal weathering. If Norandex replaces any material under this Warranty, it may substitute products designated by Norandex to be of comparable quality or price range in the event the vinyl siding product initially installed has been discontinued or modified.

American Classic Vinyl Siding is not warranted against discoloration caused by air pollution, acid rain, oxidation, or exposure to harmful chemicals. Except as expressly provided herein, American Classic Vinyl Siding is not warranted against normal weathering resulting from the elements.

Normal weathering is defined as the damaging effects of sunlight and extremes of sunlight, weather and atmosphere that may cause any colored surface to chalk, fade, or become soiled or stained over time. It is normal for weathered siding to have slight shade differences underneath the bottom and shadow line portions of the siding panel, or underneath any area of the siding that is protected from the sun. This is considered normal weathering, and is not indicative of a defect in the siding. The degree to which normal weathering occurs depends on air quality, the building's location, and other territorial conditions over which Norandex has no control.

Norandex shall have sole discretion to determine whether any American Classic Vinyl Siding products have weathered beyond the scope of normal weathering, and will base that conclusion on a measurement by a recognized, industry-approved color meter to determine the amount of color change.

**FADE PROTECTION  
ON AMERICAN CLASSIC® PRODUCTS**

Norandex will, at its sole option, repair or replace American Classic Vinyl Siding products that have faded in excess of a color change of four (4) Hunter units, as measured by a recognized, industry-approved color meter; provided, however, in lieu of repair or replacement, Norandex reserves the right to refund that amount paid by the Homeowner(s) for the American Classic Vinyl Siding materials, plus the cost to the Homeowner(s) of its initial installation. In case of repair or replacement, Norandex shall also be responsible for the cost of all pre-approved labor and materials.

Upon change in ownership, this Fade Protection Warranty may be transferred to the new owner(s) ("Subsequent Transferee(s)") as a fifty (50) Year Prorated Warranty from the date of the original installation provided that Norandex is notified in writing by the Subsequent Transferee(s) within forty-five (45) days of the real estate title transfer.\* Notification should be mailed to:

Norandex  
One ABC Parkway  
Beloit, WI 53511-4466  
ATTN: Consumer Services

**FADE PROTECTION WARRANTY  
COVERAGE CALENDAR**

Original Owner	100%	Years Since Installation
Subsequent Transferee(s)	100%	Up to 5
	90%	More than 5 and up to 7
	80%	More than 7 and up to 8
	70%	More than 8 and up to 9
	60%	More than 9 and up to 10
	50%	More than 10 and up to 11
	40%	More than 11 and up to 12
	30%	More than 12 and up to 13
	20%	More than 13 and up to 14
	10%	More than 14 and up to 50

**WARRANTY TRANSFER TO  
SUBSEQUENT OWNER(S)**

Upon change in ownership, this Warranty may be transferred to the new owner(s) ("Subsequent Transferee(s)") as a Fifty (50) Year non-prorated Warranty (except for the Fade Protection Warranty as set forth above which shall be prorated) from the date of the original installation provided that Norandex is notified in writing by the Subsequent Transferee(s) within 45 days of the real estate title transfer.\* Notification should be mailed to:

Norandex  
One ABC Parkway  
Beloit, WI 53511-4466  
ATTN: Consumer Services

\*Failure to provide notice of transfer within 45 days of a transfer will not void the warranty but will assist Norandex in processing any future warranty claim(s).

**SUBMITTING A WARRANTY CLAIM**

If the product exhibits what the Homeowner(s) believes to be a manufacturing defect covered under the terms of this warranty, the Homeowner(s) shall notify Norandex in writing promptly following its discovery, and shall submit with such notification a description of the claimed defect, along with the Homeowner's name, address, telephone number, date of installation, and a copy of the Warranty. Such notification must be made within sixty (60) days of the date that the claimed defect is first discovered, or reasonably could have been discovered.

Norandex will reply to written notifications within a reasonable period of time following receipt of such notifications, and reserves the right to require that additional information and/or evidence of the claimed defect be provided by the Homeowner(s) upon request. Further, Norandex reserves the right to inspect the products claimed to be defective within a reasonable period of time (not to exceed 90 days) subsequent to receipt of the written notification.

**NORMAL MAINTENANCE**

- Wash using a soft cloth or ordinary long-handled soft bristle brush. For textured surfaces, use only a soft bristle brush to avoid smearing the stain into the grooves of the texture. Clean gently to avoid surface abrasion. After cleaning, rinse area with water.
- To wash an entire house, start at the bottom and work up to the top, then rinse back down from top to bottom in order to prevent streaking.
- For difficult-to-remove dirt and stains such as top soil, motor oil, lithium grease, crayon, felt-tip pen, caulking, lipstick, grass, bubble gum, mold and mildew, use readily available household cleaners such as those included in the list below.
- Most cleaners are inefficient in cleaning stains such as pencil, paint, oil and tar. In these cases, you may wish to use a mildly abrasive cleaner, such as Soft Scrub® Ajax®, Bon Ami®, etc., but the use of any abrasive material could have a negative effect on surface appearance.

- Do not use cleaners containing organic solvents or other aggressive ingredients because they could affect the surface appearance of the vinyl. Examples of such cleaners are: chlorine bleach, liquid grease remover, strong soaps and detergents containing organic solvents, nail polish remover, furniture polish/cleaners.

**NOTE:** The chemical agents referenced below may be hazardous to the user or to the environment. Please follow all precautions and warnings on the product label, particularly those which may be necessary to prevent personal injury. Always dispose of these chemical agents in a manner prescribed by the manufacturer. If you are unsure how to use or how to properly dispose of these chemical agents, please contact the manufacturer of these products for instructions.

**IMPORTANT:  
FIRE SAFETY INFORMATION**

Exterior vinyl siding products require little maintenance for many years. Nevertheless, common sense dictates that builders and suppliers of vinyl products store, handle and install vinyl products in a manner that avoids damage to the product and/or the structure. Owners and Installers should take a few simple steps to protect vinyl siding products from fire.

Rigid vinyl siding is made from organic material and will melt or burn when exposed to a significant source of flame or heat. Building owners, occupants and outside maintenance personnel should always take normal precautions to keep sources of fire, such as barbecues, and combustible materials, such as dry leaves, mulch and trash, away from vinyl siding.

When rigid vinyl is exposed to significant heat or flame, the vinyl will soften, sag, melt, or burn, and may thereby expose material underneath. Care must be exercised when selecting underlayment materials because many underlayment materials are made from organic materials that are combustible. You should ascertain the fire properties of underlayment materials prior to installation. All vinyl siding products should be installed in accordance with local, state, and federal building code and fire regulations.

For information about the fire properties of vinyl siding contact the Vinyl Siding Institute, 1801 K St. N.W., Suite 600K, Washington, D.C. 20006-1301, (202) 974-5200.
