LIMITATIONS

Leaf Off warrants only the manufacturing defects on the panel, accessories, and paint finish. Truss Gutter Products is not responsible for circumstances beyond its control such as, but not limited to, improper installation, accident, hail, fire, flood, explosion, wind blown objects, salt spray, harmful chemicals, abuse, vandalism, or improper maintenance. Truss Gutter Products is not liable for any incidental or consequential damages resulting from any defect or expenses except as expressly provided herein. This warranty gives you specific legal rights; you may have other legal rights which vary from state to state.

This warranty covers material only. Truss Gutter Products will assume no other expense such as labor costs for removal or re-installation. Truss Gutter Products will pay all shipping costs related to the failure of the product.

CLAIM PROCEDURE

You must promptly notify Truss Gutter Products in writing of any manufacturing defect following its discovery at:

Truss Gutter Products
37535 IH 10 West
Boerne, TX 78006

Include with each claim a copy of the original warranty and a copy of the contract with the installing contractor, and three photos of the failing product. If Truss Gutter Products cannot determine whether or not the paint finish has failed by examining the photos, it may require a section of the product to be sent to the above address. Truss Gutter Products will pay all shipping costs related to the failure of this product.

CARE AND MAINTENANCE

Truss Gutter Products is designed to be virtually maintenance free. However, in some areas, dirt or some debris may build up on the front edge of the panel. Dirt or debris build-up may cause dripping in those areas that have the build-up. An annual spray cleaning of the top/front edge of the installed system with a hose or pressure hose will help maintain the performance. In areas where pine resins or excessive tree sap is prevalent, a periodic cleaning with a mild detergent may be necessary.
